

CODELCO 2012 ERGONOMICS SEMINAR
"Ergonomics Management for Labor Health and Safety"

Santiago, Chile
March 21, 2012

On March 21, 2012, Codelco Chile, together with the International Labor Organization (ILO), held a seminar on Ergonomics for Labor Health and Safety at the Sheraton San Cristobal Hotel.

The seminar dealt with important subjects such as Safety Reflection, Launching of Health Standards at Work, Strategies and Learning from the Ergonomics Implementation at Petrobras, Strategies and Learning from the Ergonomics Intervention at Collahuasi, Strategies and Learning from Ergonomics Intervention at Codelco, History of Ergonomics at Codelco, Strategies and Learning from the Ergonomics Intervention at the Mine Maintenance Workshop, Chuquicamata Division, Ergonomics at Codelco within the SSO Structural Project Framework, etc.

MundoChile was selected to provide simultaneous interpreting services in Spanish and Portuguese during the entire seminar, in which important representatives from Brazil and Chile participated, showing our team interpreters high level of professionalism and quality.
