

4th International Meeting on Investments in Renewable Energy and CDM  
September 07 - 08  
Crowne Plaza Hotel, Santiago

The 4th International Meeting on Investments in Renewable Energy and CDM is the first one in its category in Chile. The event was organized by the Chile Economic Development Agency (CORFO) and provided a networking opportunity by gathering private investors, coal market brokers, national project developers, service providers, banks, public agents, and experts from the Renewable Energy and CDM sector.

Supporting these international meetings and conventions, MundoChile provided 12 interpreters from its team, who were always attentive to the requirements from entrepreneurs involved in the event.
