

Chile Energy & Infrastructure Finance Forum
(Chile Energy & Infrastructure Finance Forum)

Organized by Euromoney and Project Finance Magazine

June 15th, 2011
Hotel Grand Hyatt, Santiago

The Chile Energy & Infrastructure Finance Forum gathered the most important governmental representatives of the industry, as well as international project leaders, rating agencies, builders, promoters, lawyers and strategic consultants, all together in one place to examine the efforts made to construct and finance Chile's energy and finance needs. Key market players shared their experiences from their participation in the major finance projects undergone in Chile thus far.

MundoChile, together with our simultaneous interpreters, provided the translation service for the talks given during the entire intense and interesting session.
