

*MundoChile Awarded Contract with SAG*

January 2016

Last January, after participating in a public bidding called by *Servicio Agrícola y Ganadero*, our company MundoChile Ltda. was appointed as official consecutive and simultaneous interpretation service provider in different languages with a two-year contract with the said government agency.

Once more, MundoChile, thanks to its impeccable background and extensive experience in the languages field, was awarded by the Government of Chile to provide its services. Currently, MundoChile holds service provision contracts with the Ministry of Foreign Affairs, *Direcon*, and *Prochile*.
